

MASTER NURSERY

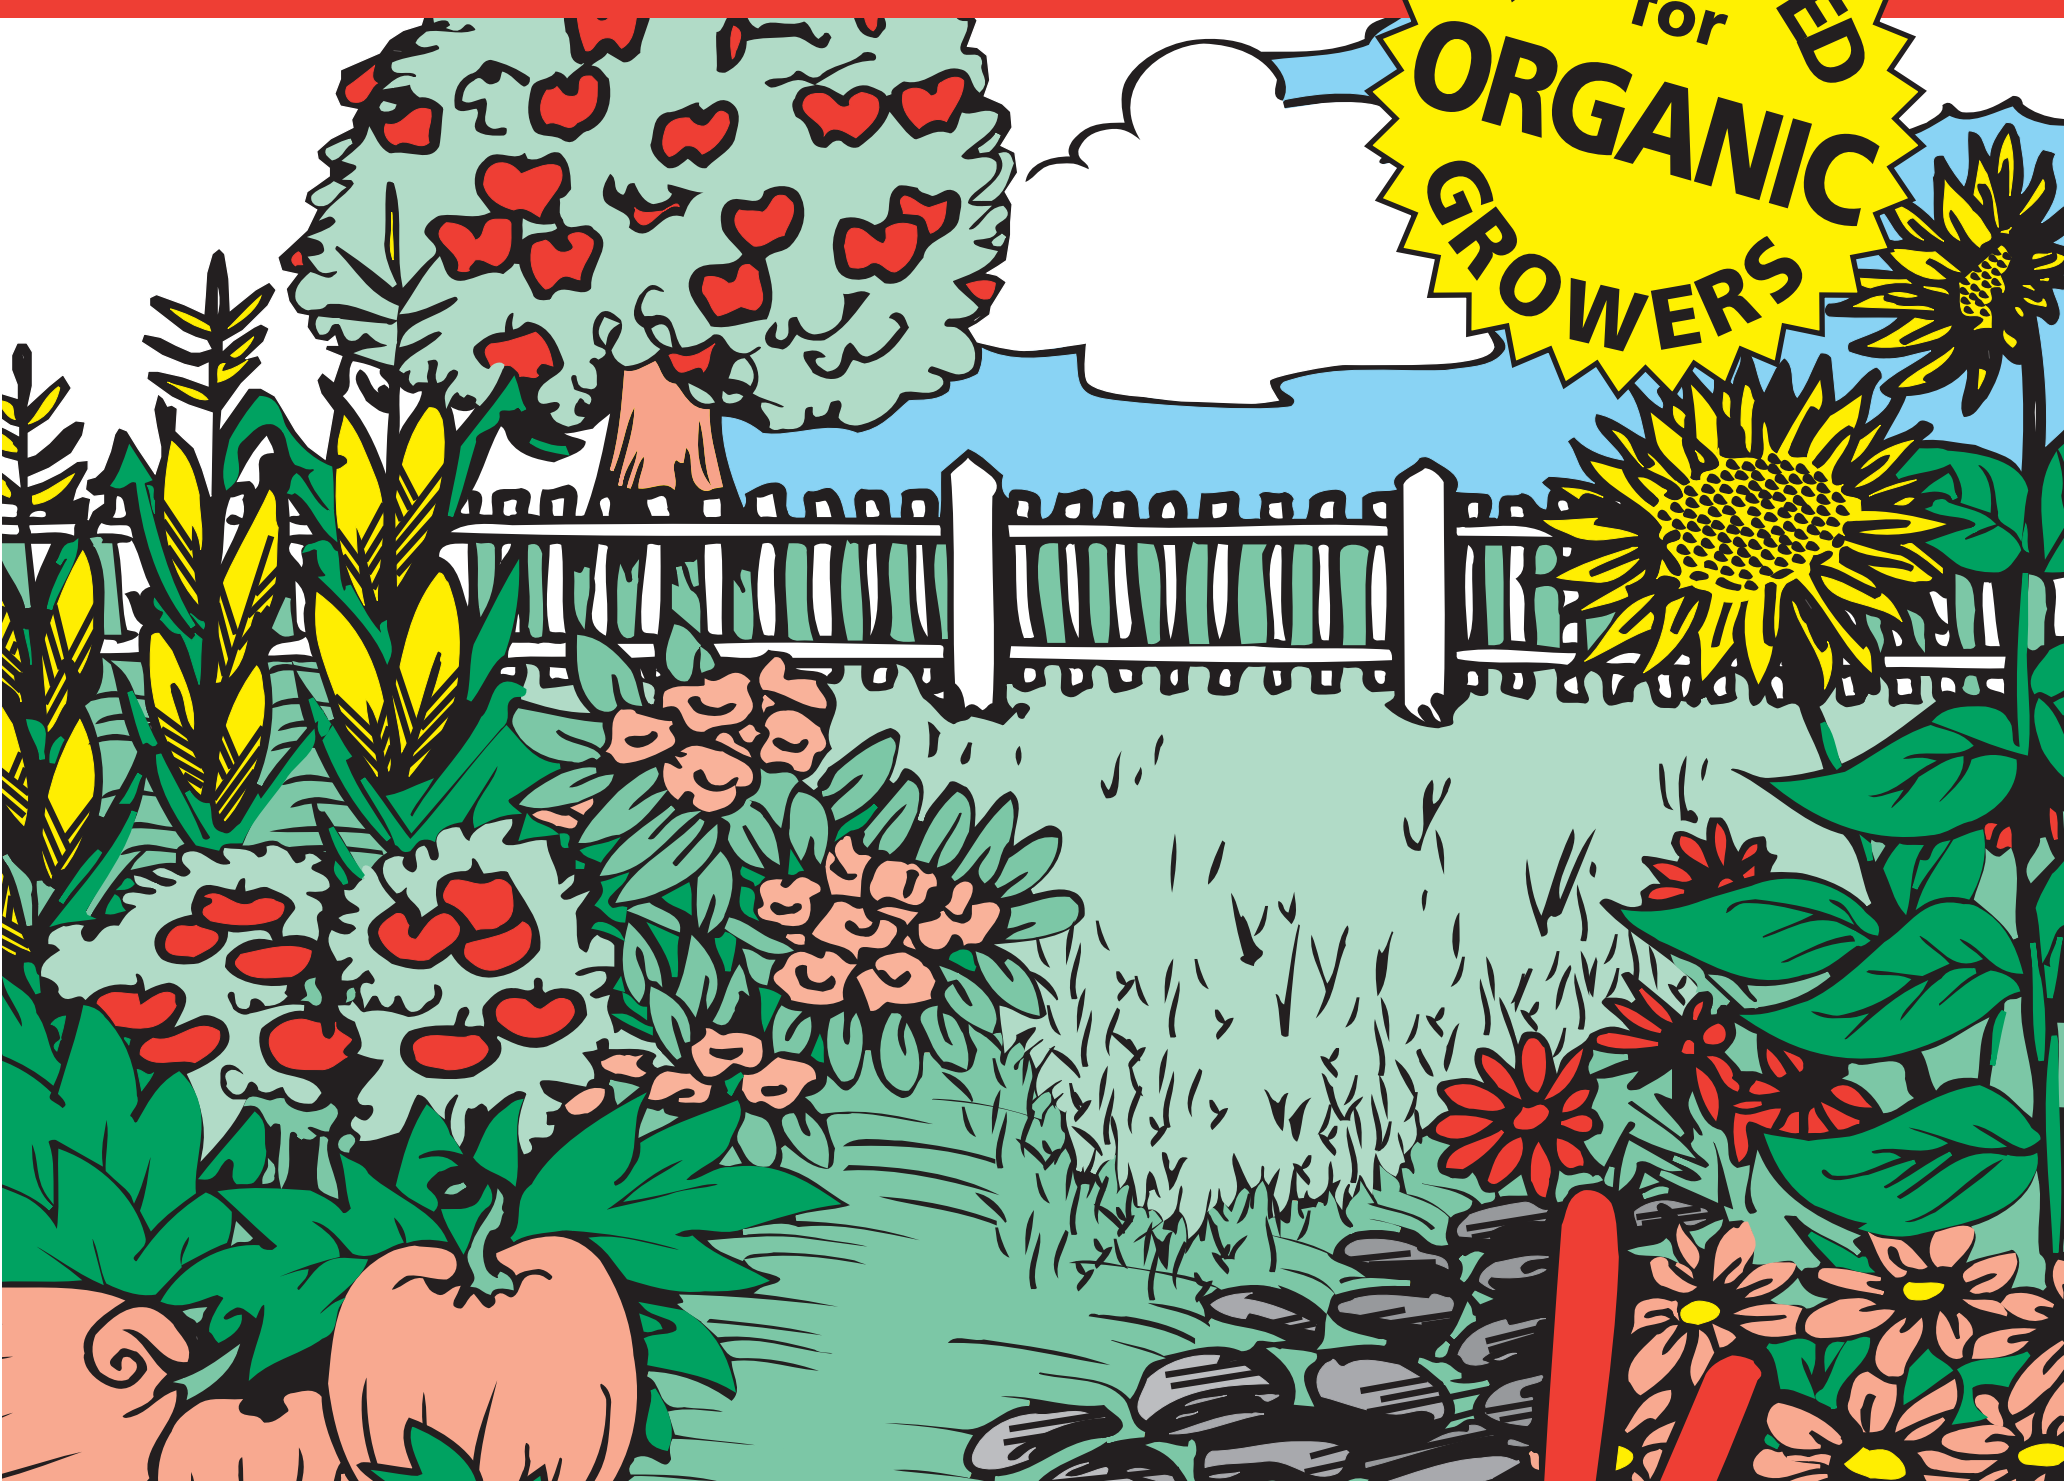

BUMPER CROP

ORGANIC SOIL BUILDER

Especially formulated for vegetable crops, flowers, lawns, trees, shrubs and all general garden use.

- Aerates compacted soil and increases water retention
- Blend of manure & shellfish compost, worm castings, kelp, peat, aged bark and lobster
- Inoculated with ECTO & ENDO MYCHORRIZAE to improve root function

APPROVED
for
ORGANIC
GROWERS

These recipes were developed by Coast of Maine exclusively for Master Nursery using only the finest all-natural ingredients. They meet the organic production standards of the Maine Organic Farmers and Gardeners Association (MOFGA) and are permitted for use in the production of MOFGA certified organic crops.
